## COMPETITIONS

Competitions are held on weekends and start in October and go through February. For some competitions, the teams will take a bus to the competition; parents are required to arrange transportation home. There will be competitions where transportation is not provided. In this case the cheerleaders/families are responsible for organizing their own transportation to and from the competition.

### Attendance

- Mandatory for all competitions
- Injury: If you are injured or serving a suspension, you must dress as if you are competing in full hair and uniform, travel with the team, and cheer them on. Failure to do so will result in sitting the next competition as well.
- Late: If you are late and miss the bus, you must find your own ride to the competition.

### Competition Preparation

- No late nights or exhausting activities the night before – You will need a good night's rest and 100% of your focus. Curfews will be put in place based on time of the competition the next day. This will be up to each coach's discretion.
- Arrive dressed, hair done (or as your coach has communicated to your team), have everything you need for the competition and your waiver turned in.
- All cheerleaders are required to ride the bus to the competition if one is provided.

### Attitude

- Remember that you are always representing your team, program, and MGSJ, both in and out of uniform.
- You should always support and cheer on both your fellow teammates and other cheer teams at every competition.

### Academic Policy

Student Athletes must be making progress towards an on time graduation. If an Athlete has an F in a class they must sit out of practice and competitions until it has been brought up.

Cheerleaders will be required to turn in School View Grade reports bi-weekly or more often if there are concerns from the coaching staff.

### **Lettering Policy**

Cheerleaders may letter by achieving one of the following set criteria:

- The Coaching staff may award a letter due to special circumstances (illness, injury, etc.)
- Varsity competition cheerleaders can also letter by competing throughout the season earning a score of 70 or higher at 5 competitions.
- Letters may be denied due to attitude problems or disciplinary action.

### **Conflict Resolution Policy—24-HOUR RULE**

Each year 2.5 million people coach kids. These coaches are the vehicles that provide organized youth athletics an existence. As parents we will not always agree with a coach's decision. However, it is important to recognize the coach's role is to make decisions for the team first and a player second.

Often, we tend to recognize the coaching staff decisions through our player first and the team second. Also, we need to understand that most players are not aware of any problem until we, as parents, bring it to their attention.

Many sports throughout the United States have adopted the 24-Hour rule in an effort to address significant concerns, while attempting to remove the emotional concerns, particularly in the presence of the youth athlete.

#### ***MG Cheer subscribes to the 24-Hour Rule.***

Briefly, this means that parents are not to discuss any "negative" practice/performance situation with the coaching staff until at least 24 hours have passed from the completion of the practice/performance. At this point, if the issue remains a concern, the following procedure must be followed:

1. The parent will contact the program director and schedule a meeting with the program director that will be documented.
2. The program director and coach will discuss the area of concern and obtain a documented, consensus recommendation.
3. The program director will respond to the issue of concern to the parent.
4. If the parent feels that the issue of concern remains, and has not been appropriately addressed, the parent may schedule a meeting with the MG Senior High Athletic Director.

***Violation of the 24-Hour Rule will be addressed as Zero Tolerance and may result in suspension of your child from the MG Cheer Program.*** Please respect the significance of the 24-Hour Rule. If we honor this concept, concerns will be moved away from an audience with our children, a possible ill-timed discussion, and issues will be viewed in the proper perspective.

### **Athletic Fees & Registration**

Competition Cheerleaders are required to have a current physical on FeePay in order to register as an athlete. Sports registration takes place on FeePay. Contact the athletic secretary at MGSB with any additional questions.

### **Uniforms**

Uniforms are purchased at the cheerleaders expense. It is the family's responsibility to notify coaching staff if a new uniform is needed for whatever reason.

### **Communication**

Due to an overwhelming amount of communication between parents/team members and coaches, use the following communication protocol:

- BandApp and E-mail are the primary modes of communication for information between coaches and families. We use these tools to provide important information about practices, performances and other team-related info.

The following are examples of **Inappropriate** reasons to text your coach:

- Schedule (check BandApp and the website)
- What to wear (this will have been announced at practice; check with your teammates)
- Fundraising (booster club issue – contact them through the website)
- Booster Club Meetings (booster club issue)
- Finances/money (booster club issue)
- You (parent) are upset about something you heard (gossip)/were told by your child, etc. about something that happened at practice/event. We are happy to discuss issues (adhere to 24-Hour Rule), but not through text.

## MAPLE GROVE CHEERLEADING

To Potential Competition Cheerleaders and Guardians :

I would like to thank you very much for your interest in Maple Grove Senior High Competitive Cheerleading. This packet contains very important information.

Attached you will find items that will need to be completed and turned in no later than Thursday April 13, 2023. You will not be permitted to participate in tryout clinics or tryouts until you have your paperwork completed and on file. Please review all the information included in this packet and feel free to contact me if you have questions.

High School Cheerleading is a very demanding and time-consuming sport that begins in April and does not finish until February or March. We take great pride in coaching our athletes to their highest potential. Each candidate needs to seriously consider the amount of time, hard work and dedication involved with being part of the MGSCH Cheer Program before deciding to try out for a team. Cheerleading teaches young athletes many valuable life lessons and rewards them with the value of competition.

Being a member of the MGSCH Cheerleading Program requires hard work and long hours. If a student is already struggling with grades, or is involved in several other programs, please think hard about this decision. This is a team sport where each individual plays a very important role. The inability of one individual to balance their commitments affects the whole team.

Take time to decide what team(s) you would like to participate on next season. On the tryout form, there are different teams to consider, so be sure to circle ALL teams you would be willing to cheer on if selected. If you do not circle a certain team, you will not be considered for that team. This means if you only circle the Varsity Team and are not selected, you will not be placed on a JV team. There is also the decision to be an alternate - you can choose to be a Varsity alternate and compete on the JV team if chosen.

Please feel free to e-mail [crimsoncheercoach@gmail.com](mailto:crimsoncheercoach@gmail.com) if you have any additional questions. Thank you for your cooperation and interest in the program.

We look forward to a great season!

**Competition Cheer:** MGSCH will have a minimum of two competition teams depending on tryout numbers. Teams are decided based on skill level and age. Competition teams compete a 2.5 minute routine at competitions held at local high schools throughout the season. They may also have the opportunity to perform at other school-related events. If the Varsity or Game Day teams qualify at the regional competition in October, they will travel to Orlando in February to compete at UCA Nationals against the best teams in the nation. Competition teams start practicing in the spring and go through the month of February. Competitive Cheerleading

requires extraordinary dedication and commitment. All members of the team must support and work together to be successful. Unlike many other sports, comp cheer is position-specific. Each cheerleader has a spot and they are the only one who knows, or can perform, the required elements for that spot. There are no bench players or replacements available to fill in. Because of this, expectations and commitments are high.

**Eligibility for Teams and Teams Available:** All cheerleading candidates and parents must sign a contract stating that they agree to and are aware of the amount of time, expense, expectations, commitment and responsibility required and expected.

Competition - Actual number of teams depends on tryout numbers and skill level

- Varsity: Cheerleaders must be entering grades 9-12 (8th graders who are invited to tryout)
- Junior Varsity: Cheerleaders must be entering grades 8-12 (7th graders who are invited to tryout)
- Game Day: Cheerleaders must be entering grades 9-12 (8th graders who are invited to tryout)

### **Tryout Schedule:**

- You will be observed by the MGSB Coaching Staff during clinics and tryouts. At the final tryout you will be asked to perform specific skills. We take many factors into account other than your tryout score (past years' attendance, work ethic, attitude, dependability, etc.). Final decisions on team placements are up to the coaching staff. Please remember that as coaches, our main goal is to place each individual on a team that they will be the most successful on. We are looking not only at skills, but also at growth potential, attitude and willingness to learn.

*Teams will be announced on Saturday*

**Required Tryout Material:** During the tryout clinics you will learn material that will help the coaching staff determine your skill and ability level. Below is a list of material you will learn and perform at tryouts. You may be asked to execute these skills more than once during the tryout process. All cheerleaders are expected to not only maintain the skills they tried out with, but to work towards improving them throughout the season. Lack of improvement in your performance and skills may result in being moved to a different team. You are expected to continue to work hard after you have made a team.

Tryout Material:
